The Daily Byte

Good morning,

Need help with yesterday's problem? Start getting solutions.

> Today's Byte

Given a binary tree return all the values you'd be able to see if you were standing on the left side of it with values ordered from top to bottom.

Ex: Given the following tree…

```
-->     4
       / \
-->   2   7
 return [4, 2]
```

Ex: Given the following tree…

```
-->          7
           /   \
-->       4     9
         / \   / \
-->     1   4 8   9
                   \
```

```
   -->                9
return [7, 4, 1, 9]
```

Thanks,
The Daily Byte
